

# **NOTICE TO CLAIMANTS – Update of First Partial Payout**

The Liquidator of Choice Bank Limited would like to remind claimants to ensure that all relevant information is submitted along with your Wire Transfer Information Form to avoid delays in processing the first partial payment. If you have submitted your information and have not received an email advising that your information is incomplete, your wire transfer will be processed within a two-week period from the date of receipt of complete information.

However, while we continue to work diligently to process payments as quickly as possible, there are several reasons why the ordering bank may not process your wire transfer. One of the primary reasons is that the claimant is a resident of sanctioned jurisdiction and/or the wire instructions are to a sanctioned jurisdiction.

Despite these challenges, we are aggressively seeking alternatives for sending funds as this remains our primary focus. We will keep all claimants updated through emails and our website.
